

Scripture Union

Dear Potential Applicant,

Thank you for taking an interest in the advertised role of Mission Enabler in the SouthEast Region. My hope is that in seeing the advert, and the role description you've caught something of the vision and aim behind this role. It's a great opportunity, and one which is key to the future of Scripture Union's mission across the region.

I've written this supplementary letter with the hope that it will bring the role to life even further, and also help to show you how whilst the role is the same in both locations, how that plays out 'on the ground' can look different as we contextualise our work with local churches and partnerships.

Firstly, I wanted to share a bit about our work in Hampshire, Surrey & West Sussex. Our work as Scripture Union in this area has been largely concentrated around Southampton, Portsmouth and Winchester and we are incredibly blessed to have a strong network of over 55 individuals serving as Faith Guides through the local church in these areas. This network of Faith Guides are incredibly passionate, pioneering and committed to reaching the 95 with the good news of Jesus in multiple contexts. Gather days to pray, worship, network and equip are a key part of rhythm in this area and collaboration is a key component of this network flourishing in mission.

Secondly, our work across the Greater London area. London is a place of high opportunity with a vast number of potential partnerships with organisations and churches. Our network across London currently consists of 24 Faith Guides, and 3 Local Mission Partnerships, as well as city wide partnerships with other para-church organisations. Our Faith Guides represent the incredible diversity of churchmanship in London, working missionally in schools and community outreach. In recent years, our London Network have been equipped in Mission Through Sport, Schools Ministry and are increasingly working in partnership with each other to further mission to the 95. Going forward, I would love to see our London Network grow further and be increasingly equipped and released to pioneer new mission to children and young people. Networking and developing new partnerships is also key... London is a huge area to cover, and to reach an increasing number of churches, organisations and individuals we need to work in partnership with others.

If, having read a bit more about our work in these two areas, you feel called and excited about what the future holds for Scripture Union in the SouthEast, I would love you to consider applying for this role.

Thank you again for taking time to read this letter,

God Bless.

Josh Booth
