Breakout Streams

There are five breakout streams for you to choose from. Stick with a stream or mix and match to your heart's content. You'll find the session titles and times on the next page...

CONNECTING IN CONTEXT

In this stream, we'll be thinking about adapting our approach in different missional spaces. These practical, interactive sessions will help you discover creative and innovative ways to better connect with your community.

EXPLORING THE BIBLE

This stream creates space for you to dig deeper into scripture in a more intentional workshop setting. Through exploring his Word, we'll be considering God's heart for Scripture Union and thinking about his call in our lives and our mission.

RESPONDING IN CULTURE

A selection of discussions and workshops focussing on the key challenges faced by the 95 in today's culture. In this stream we'll be considering work and research around Gen Alpha and Gen Z, and thinking about how God is calling us to respond.

GROWING IN CAPACITY

This stream is designed to equip the SU family for the work God has called us to, concentrating on areas of operational and relational ministry. We'll be asking God to breathe fresh life into aspects of these roles that can sometimes feel pressured or challenging.

MISSION RESOURCES

A collection of masterclasses in using some of the most recent resources from SU and our partners. With practical examples and interactive discussion about how these resources can equip you for effective mission to the 95 throughout each stage of the Revealing Jesus framework.

Scripture Union
